## HIGHLIGHT OF QUALIFICATIONS

---

- 4th year Honours Bachelor of Art Information Technology student with a focus in data structure, data algorithm, database, web technologies, user interface, and system administration
- Proficient with Java, HTML, CSS, and JavaScript
- Demonstrated strong critical thinking and problem-solving abilities within the field of Information Technology
- Extensive understanding of the software development lifecycle, strengthened by productive collaboration with UX/UI Designers during web design projects, showcasing effective interdisciplinary teamwork and project management abilities

## EDUCATION

---

Honours Bachelor of Art, Information Technology | 2022 – Present

York University, Toronto, ON

- Exhibited strong academic performance throughout my studies in Information Technology (GPA: 7.35/9)

*Relevant course: Web Technology*

- Acquired knowledge of HTML, CSS, JavaScript, and PHP to create functional websites.

## WORK EXPERIENCE & RELEVANT PROFESSIONAL EXPERIENCE

---

Front-End Developer Volunteer | August 2023

- Satisfied the designer's specifications by creating and implementing multiple preview images in the preview function for an online shopping website using JavaScript and critical thinking within the stipulated deadline, all while working within the constraints of the website builder's functionalities. (<https://www.dewisuperfoods.com/product/barley-grass-powder>)

Sous Chef | 2017 – 2019

- Applied strong leadership skills to enhance efficiency by effectively delegating tasks, mastering multitasking, and demonstrating outstanding communication abilities, creating a productive work atmosphere.

01/15/2024

IBM  
Markham, CA

RE: Back End Developer Intern (May 2024 – 4 months) & Req ID: 662432BR

Dear Hiring Committee/Human Resources of IBM:

IBM is undoubtedly one of the leading companies in the technology industry. I understand why IBM's service is not just for helping businesses but also for making the world better. Hybrid cloud software would be the future for businesses, and I believe that connecting new technology with people would be the responsibility of a Back End developer. With unwavering enthusiasm, knowledge, and experience from school and as a volunteer Back-End developer, I believe I would be a great asset to your company's Back End Developer internship position. My proficiency in various programming languages, knowledge of the application lifecycle, and understanding of Agile/Scrum methodology support this belief.

## **PROFICIENCY IN VARIOUS PROGRAMMING LANGUAGES (HTML, CSS, JavaScript, PHP)**

During the Web Development course, I acquired proficiency in using key technologies such as HTML, CSS, JavaScript, and PHP to create functional websites. As part of the curriculum, we were tasked with integrating user input, typically numerical data, into our web applications. This involved transmitting the input to an Apache server, processing it according to the specific requirements set by our professor, and then presenting the transformed data to the user through effective visualization. This hands-on experience greatly enhanced my proficiency in HTML, CSS, JavaScript, and PHP, providing me the confidence to effectively assume the responsibilities associated with this internship role.

## **APPLYING LIFECYCLE AND AGILE/SCRUM METHODOLOGY**

Additionally, during my involvement in a volunteer project led by a UX/UI designer, I honed my JavaScript skills by developing a preview function for an online shopping website. As a front-end developer, I collaborated closely with the designer, following the principles of Agile/Scrum methodology. Through productive discussions and iterations, I successfully implemented a multi-picture preview function that the website building platform could not provide. This undertaking demanded both JavaScript expertise and critical thinking, all completed within stipulated deadlines and the confines of the website builder's capabilities. I believe that this experience exemplifies my ability to meet the specific requirements of your company.

## **RESPONSIBLE TEAM PLAYER**

Furthermore, my tenure as a sous chef underscored my reputation as a highly responsible team member. In the absence of my boss, I assumed full responsibility for managing and coordinating tasks for a team of five to six employees. Simultaneously, I prioritized my own responsibilities, ensuring timely execution and delivering superior customer service, thus contributing to the restaurant's operational efficiency. Drawing from this experience, I am fully equipped to embrace the responsibilities associated with any given position.

Through my academic pursuits and professional experiences, I have developed the requisite skill set for this role. I welcome the opportunity for a more in-depth discussion on my qualifications in an interview. You can reach me via email at leel103196@gmail.com. Thank you for considering my application, and I eagerly await the chance to further elaborate on my suitability for this position.

Sincerely,

Yongju Lee

### Update Address

**This is not an official transcript.**

Session	Course	Title	Grade
FW23	AP ITEC 3010 3.00 A	Systems Analysis and Design I	B+
FW23	AP ITEC 3210 3.00 N	Applied Data Communications and Networks	in progress
FW23	AP ITEC 3220 3.00 A	Using and Designing Database Systems	A
FW23	AP ITEC 3230 3.00 A	Designing User Interfaces	A
FW23	AP ITEC 4010 3.00 N	Systems Analysis and Design II	in progress
FW23	AP ITEC 4020 3.00 M	Internet Client-Server Systems	in progress
SU23	AP CH 1000 6.00 A	Elementary Modern Standard Chinese	A+
SU23	AP ITEC 2210 3.00 A	System Administration	A
FW22	AP ITEC 2620 3.00 B	Introduction to Data Structures	A
FW22	AP ITEC 3020 3.00 N	Web Technologies	B
FW22	AP ITEC 3030 3.00 M	Systems Architecture	B+
FW22	AP JP 1000 6.00 A	Elementary Modern Standard Japanese	B+
FW22	AP WRIT 2201 3.00 A	Effective Writing and Research in ITEC	A+
FW22	SC MATH 2565 3.00 B	Introduction to Applied Statistics	C+
FW22	SC NATS 1870 6.00 B	Understanding Colour	B+
SU22	AP ITEC 2600 3.00 A	Introduction to Analytical Programming	B
SU22	AP ITEC 2610 3.00 A	Object-Oriented Programming	A
SU22	SC MATH 1190 3.00 A	Introduction to Sets and Logic	A
FW21	AP ESL 1200 6.00 N	Society and Culture	A
FW21	AP ITEC 1000 3.00 O	Introduction to Information Technologies	A
FW21	AP ITEC 1010 3.00 P	Information and Organizations	C+
FW21	AP ITEC 1620 3.00 Q	Object-Based Programming	B

## Attention Undergraduate students!

Many questions you may have about grade reports will be answered by viewing our multimedia presentation called [Understanding Your Undergraduate Grade Report](#)

Students in the Faculty of Liberal Arts and Professional Studies are strongly encouraged to view the helpful multimedia presentation "Understanding Your Academic Standing" available [here](#).

---

### Here are quick answers to some of the more commonly asked questions about grades:

#### What do I do if I have a missing or blank grade?

Grades will be blank until they are officially reported at the conclusion of the course and, where applicable, associated exam. Grades must be reported no later than 5 business days after the exam period. If, after this time, you still have a blank fall term grade, contact your professor or the department offering the course and ask when the grade will be reported.

#### Can my grades change?

Grades appear incrementally as they are reported by your course instructors and/or department. Grades may change after appearing in your online grade report as a result of further review by your program, Faculty or instructor.

#### What does NGR mean?

NGR means No Grade Reported. Please contact your professor or the department offering the course to inquire when the grade will be reported.

#### What does F NGR mean?

F NGR means that a grade of F will be on your record until another grade is reported by your professor.

#### What do I do if a grade was reported incorrectly?

First, contact your professor to confirm the grade reported. Then, if you wish to appeal a grade, you will find information on grade reappraisals here:

<http://www.registrar.yorku.ca/grades/reappraisal>

#### What do I do if my grade report says I am ineligible to continue or I want to talk with someone about my degree program options?

Contact your Faculty advising office here: <http://acadresources.yorku.ca/advising/>

#### Where do I find out more Faculty-specific information about my grade report?

Each Faculty has a grades legend here: <http://www.registrar.yorku.ca/grades/legends>

---

### Other important information

#### How can I order an official transcript of my grades?

Go here: <http://www.registrar.yorku.ca/transcripts> for information on transcripts.
